## **GENERAL CONDITIONS**

- 1 Entries shall be free and open to all financial members of Societies affiliated to the S.T.O.C.Q.
- 2 Judging shall commence at 6.30pm. Any display not completed by 6.30pm shall be judged as is. Judging may commence earlier if all displays are ready.
- 3 No plant or plants may be removed from the show until the official termination of the show without special permission of the show committee.
- 4 The Hervey Bay Orchid Society Inc. reserves the right to reject any plant which appears to show symptoms of disease or pests.
- 5 The Show Committee shall be responsible for the arbitration of any disputes other than those associated with judging.
- 6 A Sub-committee (minimum three members of the Show Committee) shall interpret these rules.
- 7 All orchid plants are to be labeled clearly. The name of the owner is to be put on the back of all labels and preferably owners' initials on the pot. (Foliage plants must have initials on the pot)
- 8 Two stewards must be in attendance at each display during judging. The stewards shall be responsible for advising judges on plant eligibility for specific classes, placement of show cards and ribbons, removal of plants as required by judges and replacement of plants in displays.
- 9 Anthuriums and Bromeliads are the only plant in flower, other than orchids, permitted in displays.
- 10 All plants to be judged must be owned by the exhibitor for a minimum of 6 months and are displayed at the owner's risk.
- 11 A flower or flowers detached from the inflorescence shall disqualify only that inflorescence, except when the detached flower or flower are displayed on the relevant pot. This rule shall not apply to reed type Epidendrums, native terrestrials or species with the habit of opening progressively along the inflorescence.
- 12 A pollinated, dead or dying flower on a plant or inflorescence shall not disqualify that plant or inflorescence, but shall detract value from the exhibit.
- 13 A minimum of 50% of buds on an inflorescence must be fully open before it is eligible to be judged unless it is a characteristic of the plant to open flowers progressively along the inflorescence.
- 14 A specimen plant shall mean a mature plant which has been developed from a single undivided plant.
